**20a. How does the Committee accomplish its purpose?**

The committee's design was to provide a forum for public discussion of security policy. In particular government contractors maintained an obvious interest in such policy and were a primary target of the committee's endeavors. The mechanism of communication was quarterly meetings held in various localities throughout the country. The committee had a major impact in communicating to the Executive Branch the depth of community feeling (negative) with respect to the backlog of personnel security investigations. The committee was also been a propulsive force in the establishment of a community wide data base for security clearance information.

**20b. How does the Committee balance its membership?**

The committee had four diverse members, all of whom were currently involved in the private sector. All four also previously enjoyed government careers and, as such, bring to the table a dual perspective and a welcome sense of proportion.

**20c. How frequent and relevant are the Committee Meetings?**

The committee did not meet this fiscal year.

**20d. Why can't the advice or information this committee provides be obtained elsewhere?**

The committee's input was unique in that it represented an ever present insitutional presence--a kind of bureaucratic balance which can only be accomplished with a permanent presence.

**20e. Why is it necessary to close and/or partially closed committee meetings?**

No meetings were held this fiscal year.

**21. Remarks**

This committee was terminated on March 1, 2001. The committee was inactive in FY-01.
